The Lands Between was once a peaceful world, made blessed by the Elden Ring. Then the first of the Elden Lords appeared, and the world was flooded with the Eternal War between the Lords. The Eternal War shook the world until the Elden Kings, who are beings of pure energy, were installed as the rulers of the world. However, as the Lords have been keeping the peace for the last 100 years, there is an unease as a result of this strange practice. Over time, the continual war between the Lords gradually led to the exhaustion of the Elden Ring, which vanished 100 years ago. However, the villagers who lived in the lands between and the Elden Lords were unable to escape the wrath of the Lords, and are forced to cross the Rivers of Death to the World of the Elden Lords. In this land of terror, monsters continuously harm the villagers. With little hope of escaping, the villagers were left to the mercy of the Lords, who have since stayed behind with their unseen hands. The last remaining Elder, Evia, attempts to solve this problem from within the World of the Elden Lords. ©2009 SQUARE ENIX CO., LTD. Japanese Review: "Tarnished's design is reminiscent of that of a Japanese game (I don't know which one, but I think it's that kind of game)." - Horii: (Famitsu Entertainment) German Review: "The story starts off quite abruptly, but that's fine with me. Actually, this is what attracted me to the game in the first place." - Seifert (German Game Portal) Chinese Review: "Tarnished has the makings of a compelling game. You need to manage your time wisely, though, because you can only progress the story as much as you can when you want to. The highest levels of the game also offer limited-time bonus dungeons and extra gold. But if you're only after the action-RPG, you can also play the game online, and this provides a unique experience with both 3-person and 6-person parties." - Liu Tianlan (Chinese Online Gaming) Russian Review: "The game pulls you in with its vibrant characters and the atmosphere of the world." - Zakharov (Russian Gaming Magazine) Korean Review: "The best part of the game is its atmosphere. There is a unique story that goes deeper when you explore the game's intricacies." - Suh (Korean Game Magazine) FROM WESTERN ZAHEER You are Tarnished, an adventurer who has wandered into the Lands Between, the ancient ruins and dangerous zones between the eight great lands. You are Tarnished, an adventurer who has wandered into the Lands Between, the ancient ruins and dangerous zones between the eight great lands. henchmen is the fearsome Tulp, a shadow of the Raven King that guards the forbidden passage between the lands. Can you enlist the aid of the eight Elden Lords who live in the eight great lands and explore the Lands Between?
