Although the group II metabotropic glutamate receptors (mGluR2/3) are known to control several forms of synaptic plasticity and are known to be expressed in hippocampus, the distribution of the receptors on specific populations of neurons has not been investigated. In this study, mGluR2/3 immunoreactivity was mapped in the hippocampus of the rat by using immunocytochemistry with gold-conjugated secondary antibodies and post-embedding immunocytochemistry with colloidal gold. Neurons were differentiated from astrocytes by their cytologic features and by the absence of reaction product in the latter. Two main populations of neurons in the CA1 and dentate gyrus regions of hippocampus stained for mGluR2/3: one that showed labeling

ABOUT FACE: We believe that time spent doing what you like is the most important currency in life. Often times, when we get around other people, we can spend it on things that are not as important or fulfilling as we could have spent it on ourselves. The reason why is because we spend a great deal of our time either thinking about our past or worrying about our future. While we are always thinking about things we don't have or are waiting for, the time we waste on other people causes us to put away or lose what we do have. Time is money. Face is where you are going to spend the most of your time, and we want to help you see to it that you are doing what you want to do, all while having fun doing it. We are bringing back the fun game of FACE, and we hope you join us for it! Frog Out! is a game developed by Intermediale and released by FACE in 2017. FACE is owned by: - Chairman: Olivier Boyer (From 2D, to Face) - Co-Founder: James Lavelle (From 2D, to FACE) - Co-Founder: Jake Simpson (From FACE, to 2D, to Face) FACE is supported by: - Crowdstorming: - Crowdfunding for a new project is what we are doing now, with an Indiegogo campaign set to launch in the next few months. We are bringing back the fun game of FACE! When you pledge for FACE we are donating 10% of the money we raise to the BeautifulMind Foundation which is supporting children in the UK, both locally and overseas. We hope that you, the FACE player, can help us with this by spreading the word of our campaign. Frog Out! is the only game to ever be officially released by FACE.
